

Accessing AMH products on your phone or tablet

All AMH products - the Australian Medicines Handbook, Aged Care Companion and Children's Dosing Companion - can be accessed on desktop computers, phones and tablets using these web addresses:

- AMH Online: amhonline.amh.net.au
- AMH Aged Care Companion: agedcare.amh.net.au
- AMH Children's Dosing Companion: childrens.amh.net.au

To quickly access an AMH product on your phone or tablet, you can add a shortcut (like the ones below) to the home screen.

Australian Medicines Handbook
(AMH)

Aged Care Companion
(ACC)

Children's Dosing Companion
(CDC)

On iPhone or iPad using Safari browser

1. Open the Safari web browser.
2. Go to the AMH product web address (see above).
3. When the page has loaded (you don't need to log in), tap the share icon (the rectangle with an arrow pointing upward):
 - on iPhones, it's on the bar at the bottom of the screen.
 - on iPads, it's on the bar at the top of the screen.
4. Tap the 'Add to Home Screen' icon in the share menu (you may need to scroll across to find it).
5. Edit the name for the icon (shorter names are usually better) and then tap Add.

Add to
Home Screen

An AMH product icon should now display on the home screen. Selecting the icon will take you straight to the web page for that product.

On Android phone or tablet using Chrome browser

1. Open the Chrome web browser.
2. Go to the AMH product web address (see above).
3. When the page has loaded (you don't need to log in), tap the menu button (the 3 dots in the top right corner).
4. Select 'Add to Home screen' from the menu (you may need to scroll down).
5. Edit the name for the icon (shorter names are usually better) and then tap Add (you may be asked to confirm this action).

An AMH product icon should now display on the home screen. Selecting the icon will take you straight to the web page for that product.

Other web browsers

Other web browsers may also have the option to add a shortcut to the home screen although the steps may differ from those above.

To ensure full functionality of AMH products and to improve security, we recommend using the latest version of Chrome or Safari.
